

Meet The Board 2009

Name: Diane Krebs

My current position is: I am retired from Sacramento County Department of Human Assistance.

I have served: 5 years on the Board.

NEW: PATHS Offices I have held and Committees I have participated on: I have worked on the Newsletter, Membership, and the Professional Development Committees. I am currently the newsletter editor. I have been helping with registration since I became a member of the board, and really enjoy meeting people who attend the conferences. I am an active member of our local Sacramento Valley chapter.

My vision for NEW: PATHS: I hope to see more and more members coming from all areas, as our name suggests – from eligibility workers to our other professionals. I believe we put on some great conferences, and I am proud to be a part of that.

A little bit about myself:

I love biking, kayaking, reading, and spending time with my 5 grandkids!
